DATE : August 15, 2019  
CONTENT : **SSP AND VISA PAYMENT INCREASE**

Greetings from Philinter Education Center!

This letter is to formally inform your office on the Philippine Immigration new guidelines on processing the students' Special Study Permit (SSP) and the Visa Extension. Students are required to personally appear in the Bureau of Immigration office upon retrieving the passport after the process completion yet it can affect the students class schedules and other academic related matters.

Hence, Philinter Education Center wants to facilitate the Special Study Permit (SSP) and the Visa Extension without jeopardizing the matters relating to schedules and academics, thus, **an additional 300.00 (Three Hundred) pesos for every SSP and 500.00 (Five Hundred) pesos for every VISA extension transactions effective August 19, 2019.**

We do understand as the costs have been arising but with much consideration to faster and better facilitate the SSP and VISA processing, the increase in the processing payment is deemed necessary.

Philinter Management however, will try our very best to continue providing the best quality education and students' services to our learners. And we will also assure for a continues cooperation and support to our partnered agencies and market observers.

Please be guided with the latest update on the SSP (Special Student Permit) and Visa Processing increase processing payments and your continuous cooperation is highly appreciated.

Sincerely yours,

**Mr. Choi In**

Chief Executive Officer

Philinter Education Center/Joinus English Language Academe, Inc.
